

BioBoost[®] Liquid

Extended Label

Growth Promoter for Canola

Sterilized liquid carrier – A liquid inoculant containing a minimum of 100 million (1x10⁸) viable *Delftia acidovorans* per ml.

Package size: 10.4 L (2.75 US gallon)

For post emergent application

READ ALL DIRECTIONS BEFORE USING THIS PRODUCT

Application Rate

Crop	Rate/Acre		Rate/Hectare	
	Active	Minimum Water	Active	Minimum Water
Canola	260 ml (8.8 fl oz)	38.5 L 10.0 US gal	643 ml (21.75 fl oz)	95.0 L 25 US gal

Treats 16.2 hectares of canola (40 acres)

Application Method:

- Shake well to achieve uniform suspension of the product. Bacterial settling is normal.
- Add 260 ml (8.8 fl oz) of BioBoost Liquid to 38.5 L (10 US gallons) of water and mix thoroughly.
- If tank mixing BioBoost Liquid with a recommended herbicide, add the bacterial solution last and ensure it is applied to the appropriate herbicide tolerant system. Refer to the website for the latest compatibility testing.
- Post-emergent spray on crop when canola is at the 0 – 6 leaf stage.

- Do not store opened bags of BioBoost Liquid.
- Unused BioBoost Liquid should be disposed of in accordance with applicable federal, provincial or state, and municipal laws and regulatory guidelines.

Storage and Handling Recommendations

The active ingredient in BioBoost Liquid is living microorganisms that require specific storage conditions to ensure viability and product performance.

- Do not store product in areas where freezing will occur or where temperature will exceed 22°C /72°F.
- Store inoculants in a cool, dry place out of direct sunlight and wind.
- Use before expiration date stated on the package. The expiry date is valid only for unopened bags stored under cool conditions (<22°C/72°F).
- Open package only when ready to use. Once open, use the entire package.

Precautions

The active ingredient in BioBoost Liquid is the naturally occurring *Delftia acidovorans*. Persons allergic to bacteria should avoid using this product. If use by an allergic person is unavoidable, prevent the possibility of absorption by eye or skin contact, inhalation, or ingestion to minimize the possibility of an allergic reaction. Standard protective clothing and equipment including gloves, safety goggles and respirator are recommended while handling the product. Do not wear contact lenses while handling the product.

In case of contact with skin or eyes, immediately flush exposed areas with a continuous gentle stream of clean water. Seek medical attention if discomfort or irritation develops. Medical treatment should be based on the judgment of the physician in response to reactions of the patient.

KEEP OUT OF REACH OF CHILDREN. DO NOT INGEST. This product may cause stomach, dermal or respiratory irritation and/or sensitivity to individuals who are repeatedly exposed to it, to individuals who are allergic to certain microorganisms and also to immune deficient individuals. Use this product in well ventilated areas.

First Aid

Eyes: Flush immediately with plenty of water for at least 15 minutes while holding eyelids apart to ensure complete irrigation of eye and lid tissue. If irritation occurs, seek medical attention.

Skin: Wash with plenty of soap and water. Remove contaminated clothing and shoes. If irritation occurs, seek medical attention.

Ingestion: If conscious and alert, administer water or milk to dilute, and then induce vomiting. Contact physician immediately.

Inhalation: Remove person to fresh air and seek medical attention if irritation persists.

Accidental Release

Spilled liquid may be slippery. Flush spill area with adequate water to wash away slippery residues. In case of large spill, shut off release if safe to do so. Contain spill and clean up the material for disposal.

Limited Warranty

Danstar Ferment AG / LALLEMAND PLANT CARE ("Danstar") warrants that this inoculant (the "Product"), will contain the minimum number of live cells per milliliter/gram as specified on the Product label at the time the Product is first sold by Danstar. Danstar makes no warranty as to the Product's viability or performance since the storage, use and application of the Product and growing condition are beyond the control of Danstar.

To the extent permitted by applicable law, Danstar makes no other warranties of any kind and hereby disclaims all other warranties, whether oral or written, express or implied, including without limitation, the implied warranties of the merchantability and fitness for a particular purpose and the warranty of non-infringement. Buyer of the Product assumes the risk to persons and real or personal property arising from the use, application or handling of the Product or seeds treated with the Product.

Buyer's exclusive remedy for any and all losses, injury or damages resulting from a breach of this Limited Warranty shall be, at the election of Danstar, either the price paid by buyer for the Product purchased directly from Danstar, or the replacement of such quantity of the Product. Danstar shall not be responsible for any liabilities, damages, expenses, costs or other losses, including without limitation, loss of profits suffered in connection with the use of the Product and in no event shall Danstar be liable for any incidental, consequential, special or punitive damages to the buyer or any third party.

Buyers of the Product are deemed to have accepted the terms of this Limited Warranty upon opening the container containing the Product, requesting the Product to be applied to the seed, or use of seed to which the Product has been applied, whichever is earlier. The terms of this Limited Warranty may not be varied by any oral or written agreement.

BioBoost® uses patented technology and is a registered trademark of Lallemand Plant Care.

Not a plant food product.

Not recommended for use as a fertilizer substitute.
